

2014 October 6 Meeting
Vision 2020 Education Task Group
Jefferson Cutter House 7:00-9:00pm

Attendees: Michael Stern, Karen O'Hagen, Carolina Buitrago

Minutes Recorded by Michael Stern

I Discussion of Annual Survey Questions:

Karen O'Hagan—Can we develop more variety in the answers: I am aware of the situation, I am not aware, I would like more information. Also—answers that elicit stronger opinion: Definitely yes, No strong opinion. Answers that provide a range are better than yes/ no.

Carolina—Wondering about some of the questions that Dr. Bodie wants to include, specifically about the types of events/ issues people want more information on.

In discussion on School Survey—make sure that we know what school the parent is answering a question for. They might have one at Ottoson and one at Dallin. Did the question reflect that fact?

Should some of the questions the School wants to ask in the survey should be asked of the teachers. Also what about a student survey? So—in addition to parent surveys, there should be teacher and student surveys.

II Review of Poster Board and comments that we displayed and collected at Town Day

-- Results were tabulated and put into Word doc.

-- Presentation of results was made at Community Relations Subcommittee meeting of School Committee
